Switching & Device Accessories

<p>Eagle One Microwave Unidirectional motion sensor wall and ceiling mount controlled by an infrared remote for adjustment.</p>		<p>Magic Switch This switch is a microwave motion sensor used as a contact-less switch.</p>	
<p>Eagle Five Unidirectional microwave motion sensor, wall and ceiling mount.</p>		<p>Clean Scan Radar This switch is a passive infrared touchless proximity switch.</p>	
<p>Eagle Six Directional microwave motion sensor, wall and ceiling mount.</p>		<p>Fly Small accurate passive infrared motion sensor.</p>	
<p>Crystal Presence Active infrared curtain sensor for all automatic doors.</p>		<p>Radar Air 30 Active infrared spot type detector.</p>	
<p>Active 8.2 and Iris Unidirectional motion sensor and a self monitor active infrared double safety curtain. Iris Double homogenous safety curtain. No motion sensor.</p>		<p>Remote Infrared Control Sensors controlled by a code infrared remote.</p>	
<p>Infrared Spot Finder Field Detection Unit for all active infrared units.</p>		<p>Ceiling Adaptor Eagle For Eagle One, Five, Six.</p>	
<p>Photo Electric Safety Beam Safety for all automatic infrared barrier composed doors by an emitter and a receiver with rectangular heads and with integral amplification. Rectangular and circular heads.</p>		<p>Rain Cover Clear Acrylic. For Eagle One, Five, Six.</p>	
<p>Eye-Tech Active Infrared Presence Sensing System. High performance safety for swinging doors. 340mm, 700mm, 900mm.</p>		<p>Ceiling Adaptor Crystal For Active 8.2, Iris, Crystal Presence.</p>
